HELPFUL HINTS

1. Book enough devices for pupils to have at least one between two, plus an extra device for each adult leading the education visit.
2. For pupils using the multimedia guides in pairs, headphone splitters are available to book.
3. You may wish to put your class into smaller groups and stagger their start times. Please ensure pupils are supervised by adults at all times.
4. There are 18 stopping points in total.
5. Stone markers have been placed around the site, numbered to match the stopping points. Use these to check you're in the right place before pupils watch 'A Word from Jane' and complete Jane's Challenge.
6. Each video is around one minute long, or less.
7. If pupils get lost, there is a digital map built into the multimedia guide to help them get back on track.
8. Check that each pupil has watched the video and completed the challenge before moving onto the next stop.
9. If you have issues with a device not working, please try the following:
 - Switch it off and on, then re-open the app and re-select 'Schools Tour'.
 - Swap the device with a spare (perhaps one being used by the adult in charge).
 - If neither of the above fixes the problem, take the device back to the Visitor Centre and ask for a replacement.
10. There's a quiz at the end of the tour which generates a mark out of 10. You could record pupils' scores to get a sense of how much they've learnt.
11. When you've finished using the multimedia guides, please return them to the Visitor Centre.
